SOFTWARE ENGINEER

Addis Fenta

PROFILE

What drives me is the ability to take a client's vision and turn it into a reality. I enjoy the challenge of understanding their needs, crafting a design that is both aesthetically pleasing and user-friendly, and then bringing it to life through clean, efficient code.

EXPERIENCE

Web Development

Collaborate with cross-functional teams, including copywriters, producers, and account managers, to develop integrated campaigns across various media channels.

UI/UX Designing

From wireframing to prototyping to final design implementation, I'll ensure your digital products are optimized for maximum usability.

Mobile Development

I can develop custom mobile applications to extend your digital reach and provide users with a truly optimized experience.
